

Club Azzurri Soccer Academy

Youth Academy, ages 4-8

Spring 2009

Club Azzurri Youth Academy Philosophy

The Youth Academy is dedicated to providing technical soccer training in a fun and unique atmosphere. Correct skills are demonstrated by **national- and state-licensed staff**, then refined by using a progressive method that employs drills and fun games. The new skills are then perfected in small-sided games supervised by Academy coaches.

Club Azzurri Youth Academy Objectives

- Fun** has to be an essential requirement of every exercise, and at every practice.
- Everyone must receive equal opportunity for **involvement**.
- Activity** must be at the core of the soccer sessions.
- Skills** must be developed to improve the enjoyment of soccer, through greater accomplishment.
- Team play** is emphasized because soccer is a team game.

Our goal is for participants, including the parents/coaches, to have FUN, while introducing kids to some of the skills needed to play soccer. It is important to understand that we should let the kids play, and that by playing they will pick up those necessary skills. As such, there are fewer rules than in the full game. The Club Azzurri Youth Academy is tailored to the very young soccer player. It introduces a version of soccer appropriate to the size and age of young children and is played by younger ages all over the world!
